

AUTOMATIC MONITOR NOZZLE

Style 833 Automatic Monitor Nozzle

- Extensive range of flow settings.
- Durable, lightweight and compact.
- Minimal maintenance reflected in robust design, precision machining and quality materials.
- Automatically adjust to maintain effective stream and maximum reach variable or reduced flows within various water pressure range.
- Maintain constant operating pressure over a wide range of flows.
- Pattern easily changed from straight stream to fog pattern with large control handle.
- Compatible with Protek's wide range of monitors.
- Lightweight alloy made easy for portable movement.

Specification

Style	Material	Inlet	Flow Range		Teeth	Length	Weight Lbs (kg)
