

VALVES

Protek offers a wide selection of valves, including wyes, water thief and siamese. Wyes are used to divide a single flow, allowing fire fighters to extend attack lines when pre-connects do not reach. Both 2-way and 3-way wye options are available. water Thief allows fire 3-way fighters to extend attack lines from a main supple line. Siamese is used to combine several hose lines into one. Both dual-inlet and trio-inlet siamese options available.

Style 596 2-1/2" Gate Valve

Style	596
Material	Alloy
Inlet Size	2-1/2" Female (65 mm)
Outlet Size	2-1/2" Male (65 mm)
Weight Lbs (kg)	4.6 (2.1)

- Available in lightweight alloy.
- Working pressure up to 200 psi (14 bar).
- Easy operation even at high flows with minimal friction loss.
- Wege seat gate valve.
- Crank handle for easier operation.
- Non-rising stem design.
